Xuqin Wang

0049-176-636-297-69 wxqcn666@gmail.com xuqin-wang Sophia

Research Interests

Computer Vision, Image Generation and Representation Learning, 3D Reconstruction and Scene Understanding.

Education

Technical University of Munich Munich, Germany
Ph.D. student at School of Computation, Information and Technology May 2023 – Present
Supervisor: Prof. Dr. Daniel Cremers and Prof. Dr.-Ing. Niclas Zeller

Telecom Paris, IP Paris Palaiseau, France
Diplôme d'ingénieur (M.S.), Image Processing and Data Science Sep. 2020 – Nov. 2022

Shanghai Jiao Tong University Shanghai, China
B.S., Computer Science and Technology Sep. 2016 – July 2020

Experience

Huawei Munich Research Center Munich, Germany
Industrial PhD Researcher May 2023 – Present
Conduct research on computer vision and image representation learning, including developing models, running experiments, and evaluating results for 3D scene understanding tasks.

Tremau Paris, France
Research Intern, Advisor: Theodoros Evgeniou March. 2022 – Sep. 2022
Identified and created relevant datasets and AI pipeline, designed an image retrieval method for detecting harmful copied images, and tested the established method on various datasets.

Valeo.ai & Telecom Paris, IP Paris Palaiseau, France
Research Student, Advisor: Florence Tupin Oct 2021 – Jan. 2022
Conducted a project on multi-view semantic segmentation Encoder-Decoder neural network for automotive driving, involving pre-processing strategies and benchmark experiments.

Siemens Industry Software (Shanghai) Co., Ltd. Shanghai, China
Summer Intern July 2019 – Aug. 2019

Gained experience with modelling software NX UG, its internal diagnostic & maintenance tool, and secondary development PMI software through UG open API.

PwC China Shanghai, China
Winter Intern Feb. 2019 – Apr. 2019
Collaborated with the engagement team to normalize, process, and analyze clients' companies' financial statements regulated by the State Taxation Bureau.

Awards

Zhiyuan Overseas Research Scholarship	2019
Spotlight & Most Popular Award in Google Girl's Hackthon	2019
Academic progress scholarship	2018

Skills

Programming: Python | C++ | Git | CUDA | JavaScript | HTML | Java Swing | SQL
Languages: Chinese (Native), English (Fluent), French (Intermediate), German (Beginner)

Publications

Publications are listed in chronological order

Wang, X., Wu, T., Zhang, Y., Liu, L., Sun, M., Wang, Y., Zeller, N., & Cremers, D. GeodesicNVS: Probability Density Geodesic Flow Matching for Novel View Synthesis. Accepted at CVPR 2026; arXiv:2603.01010.

Ruiz, A., Wu, T., Melnik, A., Cheng, Q., **Wang, X.**, Liu, L., Wang, Y., Zhang, Y., & Ritter, H. GeoSceneGraph: Geometric Scene Graph Diffusion Model for Text-guided 3D Indoor Scene Synthesis. Accepted at ISPRS 2026; arXiv:2511.14884.

Wang, X., Wu, T., Zhang, Y., Liu, L., Wang, D., Sun, M., Wang, Y., Zeller, N., & Cremers, D. LADB: Latent Aligned Diffusion Bridges for Semi-Supervised Domain Translation. DAGM GCPR 2025; arXiv:2509.08628.

Community Contributions

ECCV 2024 Workshop on Spatial AI https://sites.google.com/view/spatial-ai-eccv24 Organizer
